Dear Harold:

Thank you for the gracious inscription. I am delighted to have this copy of Case Open for my personal library.

I was thrilled to learn that Posner and his publisher are being made to sweat a little bit. It will be interesting to see if they feel a need to change anything in the paperback edition, which I believe is scheduled to be published sometime in September or early October.

With kind regards.

Sincerely,

Cyril H. Wecht, M.D., J.D.
